PARIS, Oct. 16 .- The intense feeling which was wrought up by the execution of Francisco Ferrer, the Spanish educator convicted of being a revolutionist, is noticeable throughout Europe. From one and of France to the other the execution is the subject of discussion, and much unrest being shown, particularly by the Socialists.

Within the last day or two demonstrations have taken place in many parts of France and it has been necessary to take harsh steps in some instances. Feeling is becoming more intense rather than cooling off, and serious trouble is feared.

LONDON, Oct, 17.—All Europe is discussing the recent execution of Francisco Ferrer, convicted of taking part in the recent revolutionary movement in Spain, and the Socialists are fanning the smouldering emers into a blaze. Demonstrations are being held daily in the principal cities of Europe and considerable disquictude is felt by the authorities.

Each day brings news of fresh demostrations, engineered by the Socalists, and in all parts of Europe the Socialist leaders are taking advantage of the execution as an excuse for a socialist propagands. Socialists are parading the streets of the capital cities and are holding mass meetings. Even the rural districts have not escaped and incendiary speeches are being made everywhere.

CUBA IN FEVER HEAT OVER FERRER'S DEATH.

HAXANA, Oct. 17.—The people of this city are wrought up to fever neat over the execution of Francisco Ferrer. The unrest which has seized the old world as the result of Spain's action in putting to death the distinguished educator has spread to the new. The execution is the opic of conversation everywhere.

Today a great procession was held to voice the protest of the Cuban cople against the course which Spain took in punishing the man chargd with being implicated in the recent revolutionary movement. Thousands of people marched in the parade.

One of the first results of the execution has been a Cuban boycott igainst all Spanish goods. At a great mass meeing held today a vote was passed to boycott Spain in protest against the manner in which Ferrer came to his death, and there is every indication that the boy cott will be carried out.

HISTORY MADE IN MEETING OF PRESIDENTS.

Taft and President Diaz exchanged calls. Long conferences were held. but the meetings were private and it is not known what matters the chief executives of the two great countries discussed.

Military pomp was everywhere in evidence. President Taft was orted to the headquarters of President Diaz by a large delegation of American soldfery, and the soldiers of Mexico attended their President when he made his call.

Tonight a banquet was given to celebrate the conclusion of the great conference which must ever occupy an important place in history. There were many expressions of friendship on the part of the two Presidents and the belief was expressed that the two nations will continue to live in perfect harmony.
